

Invitation to APISAT-2026 Hosted by JSASS

DATE : 10/27(Tue) – 10/29(Thu), 2026

Easy to remember!

Same date with APISAT-2025!!

Overview of APISAT-2026

APISAT-2026 will involve;

- **Oral/Poster Sessions**
- **Student award**
- **Preinary Lecture from 4 countries**
- **Invited Lecture (TBD)**
- **Welcome Reception / Banquet**
- **Technical Tour**

Overview of APISAT-2026

APISAT-2026 will cover various engineering fields similar to APISAT-2025.

Topics of Interest

Aerodynamics and Design

- Computational Fluid Dynamics
- Wind Tunnel Testing
- Flow Visualization
- Unsteady Aerodynamics
- Acoustics
- Aircraft, Helicopter, AAM, and UAV Design

Structures and Materials

- Structural Analysis
- Structural Testing
- Smart Structures
- Composite Structures
- Structural Dynamics and Control
- Aeroelasticity and Control

<https://apisat2025.org/>

Dynamics/Control/Avionics

- Flight Simulation
- Navigation
- Guidance and Control
- ATM/CNS
- Sensors and Actuators
- Satellite Attitude Control

Combustion and Propulsion

- Combustion Analysis
- Fuel Injection
- Turbines
- Engines
- Cooling Systems
- Spacecraft Propulsion

Space Science and Applications

- Launch Vehicles
- Earth Observation & Communication Satellites
- Small Satellites & CubeSats
- Lunar & Planetary Exploration
- Payload, Instrumentation & Mission Systems

System Engineering

- Multidisciplinary Engineering, AI-driven Optimization & Digital Twin
- Digital Engineering & Model-Based Systems Engineering (MBSE)
- Software Engineering & AI Applications
- Power and Thermal Management Systems
- Communication & Onboard Data Handling (OBDH) System
- Autonomous and Fault-Tolerant Systems

PLACE

TOKYO?

NO...

I am seeing Tokyo everyday...

PLACE

OKINAWA??

Maybe good.....

?

Just wait!!

PLACE

We have to analyze APISAT...

APISAT is the conference
for the people with
Academic/Technical **Passion**
and **Heated** Discussion.

Where is the best place for such people?

PLACE

We need

Cool Down

our **Passion** and **Heat**
to avoid overheat!!

Where is the best place for such people??

A person with dark hair, wearing a dark jacket and a white backpack, stands on a rocky hillside. They are holding a bright red bag and looking out over a vast, dense cityscape under a blue sky with light clouds. The foreground shows green foliage and large rocks.

**WALK THROUGH
CITY AND NATURE!**

PLACE

**The place of APISAT-2026 is
SAPPORO !!!**

Discover the Charm of Sapporo in Late October

Sapporo transforms with brilliant red and gold leaves, creating stunning autumn scenery in late October.

<https://www.sapporo.travel/spot/feature/redleaves/>

Taste of Hokkaido

- Fresh Seafood
- Soup Curry
- Local Whiskey and Beer

Comfortable Climate

Ideal Weather for the Conference
Late October in Sapporo offers cool, dry weather perfect for conferences and sightseeing without rain interruptions.

Peaceful Seasonal Transition
As winter nears, Sapporo becomes quieter, offering a calm atmosphere ideal for participants to reflect and engage in insightful discussions.

Frighth to SAPPORO

- **New Chitose Airport** is the main and largest airport in the area.
- The airport is 40~50 min. away to downtown **SAPPORO**, by train.

<https://www.hokkaido-airports.com/ja/new-chitose/business/airport/routes-inter/>

APISAT-2026 Venue

Sapporo Convention Center

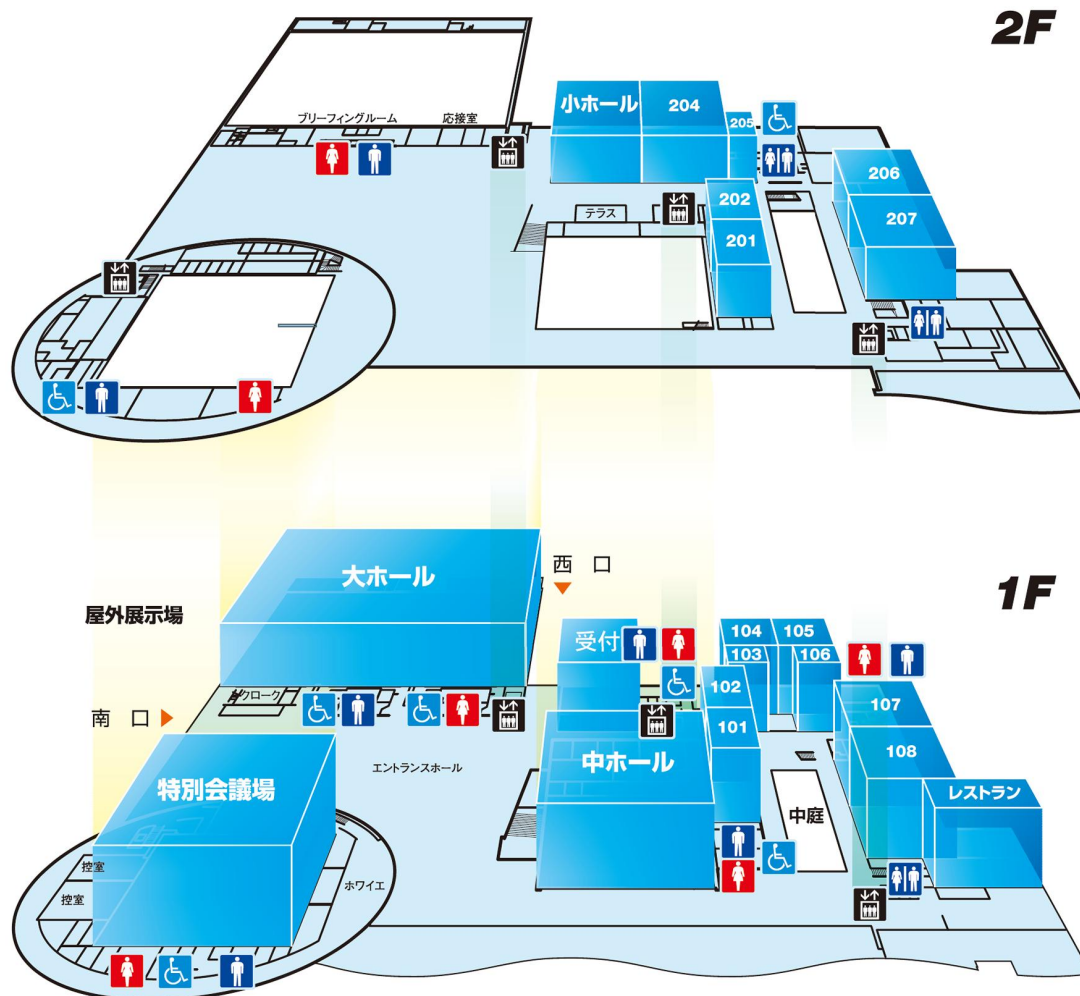

<https://www.sora-scc.jp/>

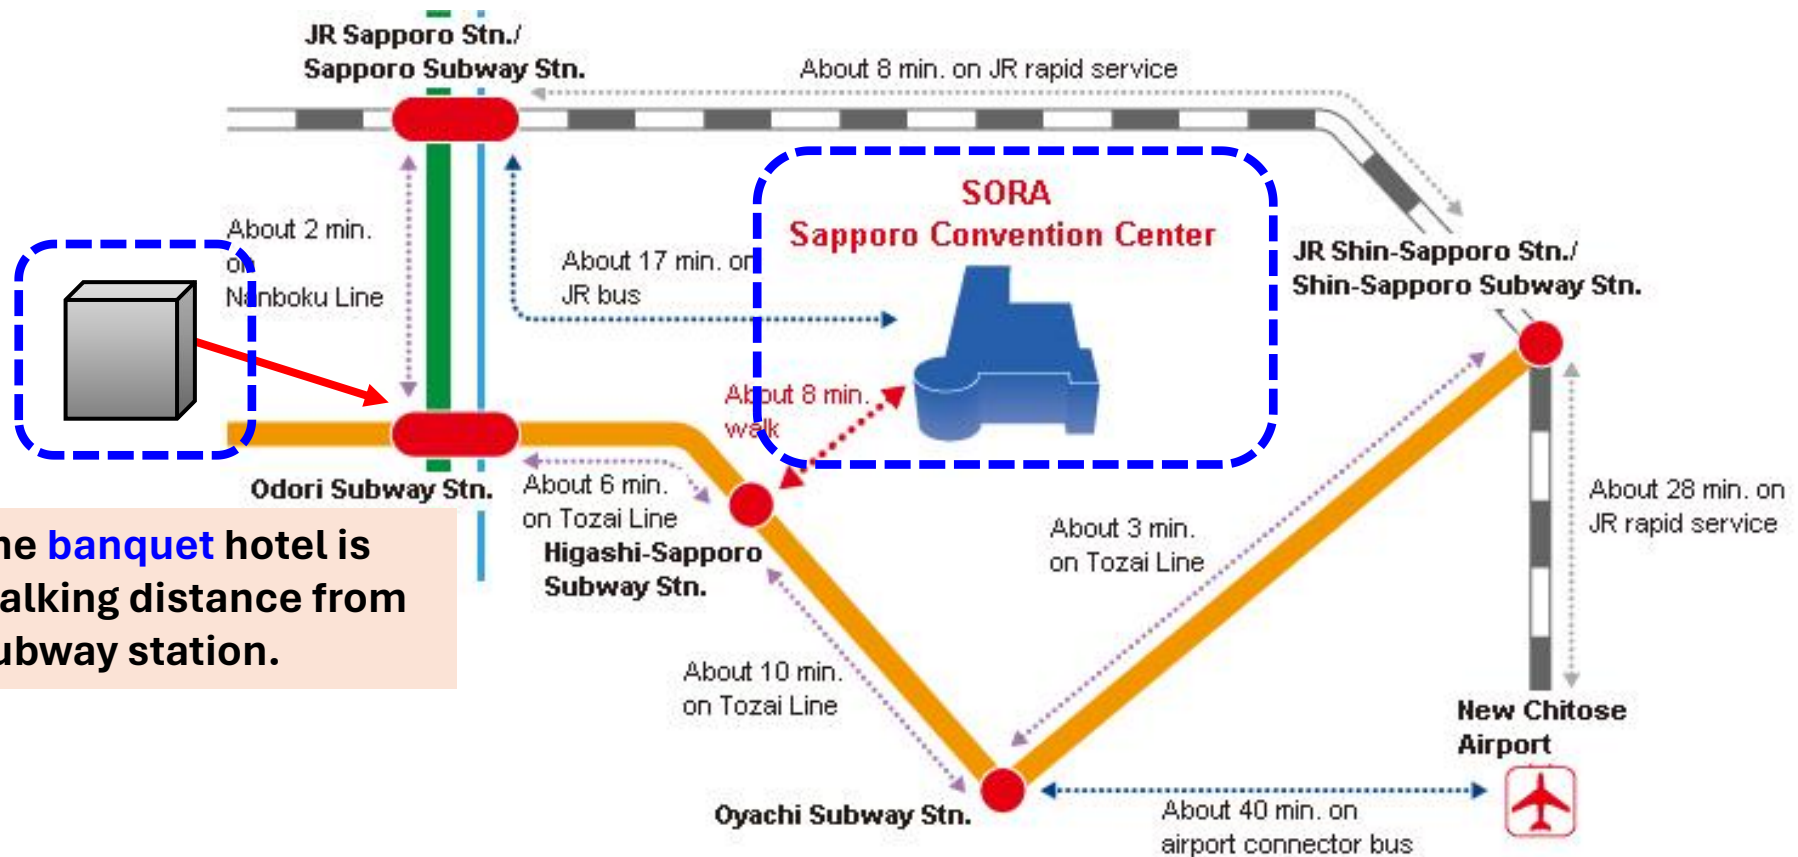

APISAT-2026 Venue

Floor map of Sapporo Convention Center

Local Transportation to Venues

- Conference venue is 8min. walk from subway station.
- Banquet will be held in downtown Sapporo.
- We recommend delegates to staying downtown Sapporo.

Collaboration with Japanese Domestic Conference

Same with former APISATs held in Japan,
APISAT-2026 will be **held collaboratively** with
JSASS domestic symposium, the Aircraft Symposium
(10/28(Wed)-30(Fri)).

JSASS would like to **encourage to network** APISAT and
domestic symposium delegates with each other.

APISAT would partially open for domestic symposium
people, ex. invited/plenary lectures, etc. (TBD)

APISAT-2026@SAPPORO

**Technical and Culture Tour on 3rd day:
TBD, but we plan to visit Otaru and Yoichi.**

**Otaru
Museum**

**Yoichi Distillery,
NIKKA Whiskey**

**Otaru sightseeing,
and Sushi for
lunch**

Caution for Skiers !

**Please be aware
there may not be so much snow.**

May be no snow in October....

**I look forward to seeing you all again
at Sapporo in next October !!!**
